**HANDLING & STORAGE**

Vapors of product are heavier than air and will collect in low areas such as pits, degreasers, storage tanks, and other confined areas. Do not enter these areas where vapors or Methylene Chloride are suspected unless special breathing apparatus is used and observer is present for assistance.

Liquid and vapor of this product can decompose to harmful and corrosive vapors when in contact with flame and other ignition sources. In addition, this product may develop a flammable atmosphere in confined areas.

**KEEP AWAY FROM FLAMES AND OTHER IGNITION SOURCES**, such as welding, when used where vapors may become concentrated.

**DO NOT CUT OR WELD CONTAINER** due to explosion hazard.

**FOR SPILLS**, use proper protective equipment. For small spills use sorbent, allow to stand, then sweep into airtight container for disposal. For large spills, evacuate the area, dike, then pump into containers for disposal.

**NOTE:** This product repacked for

consumer markets may require labeling different than given on this container.

**INHALATION PRECAUTIONS**

High concentrations of vapors can accumulate in low areas. Progressively higher exposure levels over 1000 ppm can cause dizziness, drunkenness, unconsciousness or even **DEATH**.

**EXTREMELY** high vapor concentrations (over 10,000 ppm) are immediately **HAZARDOUS TO LIFE**.

**CONTINUING EXPOSURE**

**EXPOSURES SHOULD NOT EXCEED OSHA 8-HOUR TWA.** Repeated and prolonged exposure to vapor concentrations at or above where physical effects begin (dizziness, eye irritation) may be hazardous to health.

**EXPOSURE LIMITS-PARTS PER MILLION (PPM)**

**OSHA: 8-HOUR**

**TWA: 500 PPM**

**FIRST AID:** If exposed to vapors, remove to fresh air. If swallowed, do not induce vomiting. If contact with skin or eyes, wash thoroughly with plenty of water.

# Trichlorethylene

 1 Gal. 5 Gal. 55 Gal. 275 Gal.

**Inhalation:** Remove affected person to fresh air; provide oxygen if breathing is difficult; if affected person is not breathing, administer CPR and seek emergency medical attention.

**Skin:** Remove contaminated clothing; wash affected area with soap and water; launder contaminated clothing before reuse; if irritation persists, seek medical attention.

**Eyes:** Remove contact lenses. Flush eyes with clear running water for 15 minutes while holding eyelids open; if irritation persists, seek medical attention.

**Ingestion:** If conscious, drink large amounts of water; DO NOT induce vomiting. Take affected person immediately to a hospital; do not give anything by mouth to an unconscious person.

**TRANSPORT INFORMATION:**

Proper Shipping Name - Trichlorethylene Mixture,

DOT Hazard Class - 6.1

Packing Group - PG III

ID# - UN 1710
