

Anti-Slip - Premium Floor Conditioner & Degreaser

PRODUCT #: PK-1140

CHARACTERISTICS:

Appearance: Pink liquid
 Odor: Characteristics
 pH: 1.70
 Specific Gravity: 1.020
 Weight: 8.52
 Viscosity: Water Like
 Flash Point: N/A
 Dilution: 3:128

TRANSPORT INFO:

Proper Shipping Name - Corrosive liquids, N.O.S.,
 (Contains Hydrochloric Acid)
 DOT Hazard Class - 8
 Packing Group - III
 ID# - UN 1760

ADVANTAGES:

Product helps increase the friction of the floor, thereby increasing slip resistant quality. Anti-Slip deep cleans tile floors removing grease build up that causes slippery floors. It is free rinsing, fast, easy, economical, non-flammable, biodegradable and water based.

DIRECTIONS:

SHOCK TREATMENT INITIAL CLEANING Note: Shock treatment must be done in the kitchen and floor preparation areas and for first time use for clean grout lines. - Sweep floor clean of debris, wet with water, pour concentrated ANTI-SLIP direct onto floor and grout and spread evenly. Allow product to remain on surface for 10 minutes. Scrub floor aggressively with a deck brush and rinse thoroughly with clean water. Allow to dry.
MANUAL DISPENSING: Pour 3 ounces of ANTI-SLIP into a gallon container, then fill with water. If using any other size container, dilute 3 ounces of ANTI-SLIP for each gallon of water used. Allow to remain on surface for 5 minutes and rinse. For best results, use ANTI-SLIP daily. Use on Tile, Concrete Glazed Tile, Resilient Tile, Vinyl, Ceramic Tile, Linoleum, Terrazzo, Rubber Mats, Brick & Stone Hard Surfaces.

PRECAUTIONS:

Inhalation: Remove affected person to fresh air. If breathing difficulty persists, seek medical attention.
Skin: Remove contaminated clothing; wash affected area with soap and water; if irritation persists, seek medical attention. Launder contaminated clothing before reuse.
Eyes: Check for and remove any contact lenses. Immediately flush eyes with clear running water for 15 minutes while holding eyelids open. Seek medical attention immediately.
Ingestion: Drink two glasses of water followed by milk, milk of magnesia or other non-alcoholic liquids; DO NOT induce vomiting; seek medical attention immediately.
