**SAFE HANDLING INSTRUCTIONS:**

Do not get in eyes or clothing. Avoid breathing dust or mist. Do not drop water on dry chemical. Do not take internally. When handling use shield or goggles and gloves. In case of contact with eyes or skin, flush with plenty of water for at least 15 minutes. Remove contaminated clothing. Get medical attention for eyes.

**DIRECTIONS:**

Charge the soak tank with one (1) pound of cleaner to one (1) gallon of water. Raise temperature to 175° F to 185° F. Although the chemical easily dissolves, the solution should be stirred with a paddle to prevent caking at the bottom of the tank. Load the tank with parts to be cleaned and soak for 1 to 2 hours at 175° F - 185° F. Soaking time will depend on soil and paint accumulation. Remove cleaned parts and rinse away soil by water. Most of the soil that is removed will drop to the bottom of the tank where it can be drained out. Recharge with chemical and water if needed for re-use.

**CAUTION:**

Do not use on soft metals. For use on steel and cast iron metals. Do not use on aluminum, copper, brass, magnesium, zinc or chrome plated metals.

**DANGER:**

**DO NOT TAKE INTERNALLY. HARMFUL IF SWALLOWED.**

**AVOID CONTACT WITH EYES AND SKIN**

**CAUTION: KEEP OUT OF REACH OF CHILDREN.**

HEAVY DUTY CLEANER

# Vat Dip

FOR VAT DIP SYSTEMS

**INDUSTRIAL-STRENGTH FORMULATION**

- **FOR STEEL ENGINE BLOCKS & FABRICATED STEEL PARTS**
- **REMOVES PAINT, GREASE & CARBON**

1 Gal.    5 Gal.    55 Gal.    275 Gal.

**TRANSPORT INFORMATION:**

Proper Shipping Name -  
Corrosive Solids, N.O.S.,  
(Contains Sodium Metasilicate)  
DOT Hazard Class - 8   Packing Group - III  
ID# - UN 1759

**Inhalation:** Remove affected person to fresh air; wash mouth and nasal passages with water repeatedly; if breathing difficulties persist seek medical attention.

**Skin:** Remove contaminated clothing; wash affected area with soap and water; DO NOT attempt to neutralize with chemical agents; if irritation persists, seek medical attention. Launder contaminated clothing before reuse.

**Eyes:** Check for and remove any contact lenses. Immediately flush eyes with clear running water for 15 minutes while holding eyelids open. Seek medical attention immediately.

**Ingestion:** Drink two glasses of water or milk; give diluted vinegar or lemon juice to conscious person; DO NOT induce vomiting; seek medical attention immediately.
