**ADVANTAGES:**

Mean Green is an all-purpose professional grade ultra-strong super-concentrate. It removes waxes, grease, carbons, soot, resins, oils, dyes, scum and inks.

**DIRECTIONS:**

This all purpose cleaner can be used on any hard surface that is not damaged by water. It is applicable to both manual and pressure washing equipment. Dilutions vary from full strength to 1 oz./Gal. (1 to 128) depending on soil accumulation and the nature of the surface. Hot water reduces cleaning time and improves performance. Released soil should be removed by rinsing with clean water or wiping with a clean cloth or sponge. Suggested dilutions are for average soil loads, use less water or soak longer for heavily soiled surfaces. *Match usage below to dilution ratios below in the chart above:*
