

## Directions:

- **PREPARATION:** Thoroughly Clean vinyl surface of soils, stains, and previous protective coatings by scrubbing with a strong solution of butyl cleaner and ammonia. Problem surfaces may require spot bleaching to remove stubborn stains. Rinse well and allow to dry for at least 30 minutes.
- **COVERAGE:** 1 gallon per 3,000 - 4,000 square feet will single coat 100 - 150 car tops.
- **APPLICATION:** Apply to cool surface only. If surface is sun hot, wet down to cool, let dry and apply. Thoroughly saturate a sponge or swab with dressing. Apply in smooth even strokes to surface. Do not scrub back and forth to try to rub in. Avoid making foam. Allow to dry for 30 minutes, and apply a second coat.
- **TO CLEAN:** Pressure wash or lightly scrub using a general car washing cleaner. Rinse well.
- **TO STRIP:** Scrub with regular cleaning solution to which 1 cup of household ammonia has been added per gallon of solution. Rinse well.

**KEEP OUT OF REACH OF CHILDREN.  
DO NOT TAKE INTERNALLY.  
AVOID CONTACT WITH EYES.**

# Vinyl Top Dressing

**Professional-grade vinyl protectant / beautifier**

- **GLOSSY, DETERGENT RESISTANT PROTECTIVE COATING  
DESIGNED TO RESTORE A "LIKE NEW" APPEARANCE TO VINYL  
ON CAR TOPS, TRIM, TRAILERS AND MOBILE HOMES**
- **CLEAR, NON-YELLOWING COATING IS ALSO DETERGENT RESISTANT  
TO RETAIN ITS GLOSSY APPEARANCE THROUGH MANY WASHINGS  
WITH NON-AMMONIATED CLEANERS**
- **CAN BE EASILY REMOVED BY STRIPPING WITH AMMONIATED DETERGENTS**

1 Gal.  
  5 Gal.  
  55 Gal.  
  275 Gal.

**Inhalation:** None Expected. Remove affected person to fresh air; if symptoms persist seek medical attention.

**Skin:** None Expected. Remove contaminated clothing; wash affected area with soap and water; launder contaminated clothing before reuse; if irritation persists, seek medical attention.

**Eyes:** Check for and remove contact lenses. Flush eyes with clear running water for 15 minutes while holding eyelids open; if irritation persists, seek medical attention.

**Ingestion:** Give two glasses of water for dilution; DO NOT induce vomiting; never give anything by mouth to an unconscious person; seek medical attention.
