

A blend of aliphatic and aromatic hydrocarbons with emulsifiers developed to minimize the costly time and clean up operations formerly required to restore vehicles and equipment contaminated with tar, bitumen, asphalt, stains, grease and sludge. This product is non-corrosive and will not harm any metal surfaces, contains no acid or alkalis. May be used in virtually any industry where asphalt, tar, grease or sludge are a problem.

Directions:

Apply undiluted by brush or sprayer. Allow it to penetrate and dissolve for at least five minutes. Flush with water under pressure. Heavier deposits will require longer soaking and light brushing. Avoid prolonged contact with rubber and painted surfaces.

CAUTION
FOR INDUSTRIAL USE ONLY

Tar & Asphalt Remover

EMULSIFIABLE ASPHALT & TAR REMOVER

INDUSTRIAL FORMULATION

- Minimize the costly time and clean up operations formerly required to restore vehicles and equipment contaminated with tar, bitumen, asphalt, stains, grease and sludge.

Inhalation: Remove affected person to fresh air; provide oxygen if breathing is difficult; if affected person is not breathing, administer CPR and seek emergency medical attention.

Skin: Remove contaminated clothing; wash affected area with soap and water; launder contaminated clothing before reuse; if irritation persists, seek medical attention.

Eyes: Check for and remove contact lenses. Flush eyes with clear running water for 15 minutes while holding eyelids open; if irritation persists, seek medical attention.

Ingestion: DO NOT induce vomiting; if vomiting occurs spontaneously, keep head below hips to prevent aspiration of liquid into lungs; seek immediate medical attention. Vomiting may be induced only under the supervision of a physician.
