

Right Coil - Alkaline Coil Cleaner

PRODUCT #: PK-8510

TRANSPORT INFO:

Proper Shipping Name - Corrosive Liquids, N.O.S.,
(Contains Sodium Hydroxide)
DOT Hazard Class - 8
Packing Group - III
ID# - UN 1760

CHARACTERISTICS:

Appearance: Red Liquid
Odor: Characteristic
pH: 13.80
Specific Gravity: 1.130
Weight: 9.42
Viscosity: Water Like
Flash Point: N/A
Dilution: 1:3

ADVANTAGES:

Right Coil is a concentrated alkaline air conditioner coil and fin cleaner. A concentrated blend of detergents, alkalinity builders, emulsifiers, and water soluble solvent based degreasers efficiently and effectively removes, vegetable, animal and mineral oils and the accompanying soil load from air conditioner evaporating coils, fins, condenser coils, fan blades, and filters. When used as directed it increases cooling efficiency and reduces power consumption.

DIRECTIONS:

Especially efficient when used in conjunction with pressure washing equipment. Also effective when applied manually. Hot water reduces cleaning time and improves performance.

MANUAL CLEANING: Dilute 1 part concentrate to 3 parts water. Spray diluted cleaner on all surfaces to be cleaned. Allow 1:5 to 1:10 dilution of concentrate with pressure washer. Allow 3-5 minutes contact time. Rinse with hot or cold high pressure washer.

SOAK CLEANING: Soak filters in diluted cleaner for 3-5 minutes. Remove and rinse with water. To improve adhesion properties on filters, spray undiluted concentrate on filters. Allow to set and reassemble air conditioner filter and cover. Residue will improve filter action and ease subsequent cleaning.

PRECAUTIONS:

Inhalation: Remove affected person to fresh air; wash mouth & nasal passages with water repeatedly. If breathing difficulty persists, seek medical attention.

Skin: Remove contaminated clothing; wash affected area with soap and water; if irritation persists, seek medical attention. DO NOT attempt to neutralize with chemical agents. Launder contaminated clothing before reuse.

Eyes: Remove contact lenses. Flush eyes with clear running water for 15 minutes while holding eyelids open; get medical attention immediately

Ingestion: Drink large quantities of water or milk; give diluted vinegar or lemon juice to conscious person; DO NOT induce vomiting; seek medical attention.

AVAILABLE IN:

Gal. Jug, 5 Gal. Bucket, 55 Gal. Drum,
275 Gal. Tote, 300 Gal. Leg Tank or delivered via Tanker Truck

GUARANTEE: Jamson Labs' / Power Kleen's manufacturing and laboratory controls ensure uniform quality throughout our product line. All Jamson Labs / Power Kleen manufactured products are guaranteed for 1 year when used as directed.
