DIRECTIONS:

Especially efficient when used in conjunction with pressure washing equipment. Also effective when applied manually. Hot water reduces cleaning time and improves performance.

Manual Cleaning: Dilute 1 part concentrate to 3 parts water. Spray diluted cleaner on all surfaces to be cleaned. Allow 1:5 to 1:10 dilution of concentrate with pressure washer. Allow 3-5 minutes contact time. Rinse with hot or cold high pressure washer.

Soak Cleaning: Soak filters in diluted cleaner for 3-5 minutes. Remove and rinse with water. To improve adhesion properties on filters, spray undiluted concentrate on filters. Allow to set and reassemble air conditioner filter and cover. Residue will improve filter action and ease subsequent cleaning.

CAUTION KEEP OUT OF REACH OF CHILDREN.

DO NOT TAKE INTERNALLY. HARMFUL IF SWALLOWED.

AVOID CONTACT WITH EYES AND SKIN.

Right Coil

ALKALINE COIL CLEANER

CONCENTRATED AIR CONDITIONER COIL & FIN CLEANER

A CONCENTRATED BLEND OF DETERGENTS, ALKALINITY BUILDERS, EMULSIFIERS, AND WATER SOLUBLE SOLVENT BASED DEGREASERS. EFFICIENTLY AND EFFECTIVELY REMOVES, VEGETABLE, ANIMAL AND MINERAL OILS AND THE ACCOMPANYING SOIL LOAD FROM AIR CONDITIONER EVAPORATING COILS, FINS, CONDENSER COILS, FAN BLADES, AND FILTERS. WHEN USED AS DIRECTED INCREASES COOLING EFFICIENCY AND REDUCES POWER CONSUMPTION.

1 Gal. 5 Gal. 55 Gal. 275 Gal.

**TRANSPORT INFORMATION:**

Proper Shipping Name -
Corrosive Liquids, N.O.S.,
(Contains Sodium Hydroxide)
DOT Hazard Class - 8 Packing Group - III
ID# - UN 1760

Inhalation: Remove affected person to fresh air; wash mouth & nasal passages with water repeatedly. If breathing difficulty persists, seek medical attention.

Skin: Remove contaminated clothing; wash affected area with soap and water; if irritation persists, seek medical attention. DO NOT attempt to neutralize with chemical agents. Launder contaminated clothing before reuse.

Eyes: Remove contact lenses. Flush eyes with clear running water for 15 minutes while holding eyelids open; get medical attention immediately.

Ingestion: Drink large quantities of water or milk; give diluted vinegar or lemon juice to conscious person; DO NOT induce vomiting; seek medical attention.
