

Directions:

Apply **SANDSTORM** undiluted with a sprayer or conventional brushing to surfaces to be cleaned. Allow 5-10 minutes contact time and then re-apply keeping the surface wet with **SANDSTORM**. After approximately 20 minutes total contact time, brush to remove heavier build-up. Rinse thoroughly. Heavy build-up on neglected or un-assigned trucks can be eliminated by washing in the usual manner then applying truck cleaner again on build-up only and allow to react. Brush affected areas the following day and use a putty knife or scraper where necessary, repeat the process daily for several days until all build-up is removed. **SANDSTORM** should not be used on the cabs of trucks as the regular truck cleaner, but may be used on occasion to remove cement dust and splatter. Rinse completely. For regular maintenance, use Power Kleen's "Right Off" products.

Sandstorm

READY MIX TRUCK CLEANER

Prevents rust and eliminates concrete build up

**LIQUID COMPOUND SPECIFICALLY
 FORMULATED TO REMOVE BUILT UP CONCRETE
 FROM TOOLS AND EQUIPMENT ASSOCIATED
 WITH THE CONCRETE READY MIX INDUSTRY.**

1 Gal. 5 Gal. 55 Gal. 275 Gal.

Inhalation: No hazards expected. If symptoms occur, remove affected person to fresh air; if breathing has not returned to normal within a few minutes after exposure, get medical attention.

Skin: No hazards expected. If contact occurs, wash affected area with soap and water; remove and launder contaminated clothing before reuse; if irritation occurs, seek medical attention.

Eyes: Remove contact lenses. Immediately flush eyes for 15 minutes in clear running water while holding eyelids open; seek medical attention.

Ingestion: Drink two glasses of water followed by milk, milk of magnesia or other nonalcoholic liquids; DO NOT induce vomiting; seek medical attention.
