

OVERNIGHT - Daily Concrete Dissolver

PRODUCT #: PK-9077

WHAT IS OVERNIGHT?

OVERNIGHT is a safe and effective daily concrete dissolver derived from **SANDSTORM**, the Ready Mix industry's original, heavy-duty concrete dissolver. **OVERNIGHT** is a liquid compound specifically formulated to remove the daily concrete build-up associated with the Ready Mix concrete industry. **OVERNIGHT** attacks concrete at the molecular level and returns it to mud without the use of harsh acids. **OVERNIGHT** does not contain any Muriatic Acid, Hydrochloric Acid, Sulphuric Acid, or Hydrofluoric Acid. In fact, **OVERNIGHT**'s active ingredient occurs naturally and is most often found in sugar cane syrup. **OVERNIGHT** is 100% Biodegradable, Non-Corrosive, Non-Regulated, and a Non-Skin Irritant.

MANUFACTURING AND DISTRIBUTION OF OVERNIGHT

Manufactured solely by Power Keen Corporation, **OVERNIGHT** can be delivered from one of our many distribution centers across the nation, which will save you both shipping time and shipping dollars.

OVERNIGHT USE

OVERNIGHT can be used as a daily concrete dissolver without any neutralization. The action of **OVERNIGHT** not only removes concrete but also removes old rust and oxides during the cleaning process. **OVERNIGHT** can be used as a daily wash or in time release treatments on problem areas such as hopper areas, back rings, chutes, and pedestals. **OVERNIGHT** is so safe, it can be used on any surface, including glass, aluminum, chrome, rubber, plastic, or paint.

Start cleaning your trucks and equipment with **OVERNIGHT** today and enjoy the benefits of using the industry's most flexible concrete dissolver. Your customers, your equipment, and your employees will thank you!

PRODUCT HIGHLIGHTS:

- Made from up to 10% Recycled Materials
- OSHA Compliant
- DOT Classification: Not Regulated
- Dissolves Rust and Oxides
- Dissolves Concrete Quickly and Efficiently
- Removes Grease and Grime
- Conditions Metal Surfaces
- Non-Fuming
- Safe on All Surfaces
- Safe on Skin
- Up to 10 times more effective than other industry products when dissolving Calcium Carbonate

TRANSPORT INFORMATION:

Proper Shipping Name -
 Non-Hazardous for Transport by Truck
 DOT Hazard Class - Not Regulated
 Packing Group - Not Regulated
 ID# - None

PowerKleen
 Quality Chemicals • Superior Service

AVAILABLE IN:

1 Gal Jug, 5 Gal Bucket, 55 Gal Drum,
 275 Gal Tote, 300 Gal Leg Tank
 or delivered via Tanker Truck

GUARANTEE:

Jamson Labs' / Power Kleen's manufacturing and laboratory controls ensure uniform quality throughout our product line. All Jamson Labs / Power Kleen manufactured products are guaranteed for 1 year when used as directed.

OVERNIGHT - Daily Concrete Dissolver

PRODUCT #: PK-9077

PRODUCT STUDIES

Metal Studies

Department of Transportation (DOT) Shipping Test Protocols as per Section 173.154 Exceptions for Class 8 (corrosive materials): A liquid is considered to be corrosive if its corrosion rate exceeds 6.25 mmpy on Steel (SAE 1020 carbon steel) at a test temperature of 55° C.

Results of Overnight Testing: SAE 1020 carbon steel = 0.64 mmpy

Conclusion: Overnight was proven to be a Non-Regulated material with regards to shipping over the road.

Toxicity Studies

Test Procedure: OECD 202, 48hour

Results of Overnight Testing: LC 50 and LD 50 (rat oral) scores found RMWW to be Non-Toxic.

Dermal Irritation Study

A modified Draize method was used as described in OECD Guidelines for the Testing of Chemicals, Sec. 404, Paris 1981 (revised 1992). This study complies with the requirements of OECD Principles of GLP, Annex, Paris, 1981, revised as of July 1992.

Results of Overnight Testing: Overnight received a Primary Irritation Score of 2.1 ± 0.9 and is classified as a Non-Skin Irritant.

Mutagenicity Studies

Tested by the Ames Assay (OCED Guidelines for Testing of Chemicals, Sec. 471).

Results of Overnight Testing: Overnight was found NOT TO BE MUTAGENIC.

Biodegradation & Aquatic Safety

Test Procedure: Hach Reactor Digestion method for Waste Water and Sea Water. Hach Reactor Digestion Method is a semi-micro adaptation of the Standard Methods.

Results of Overnight Testing: Overnight was found to be 100% Biodegradable.

CLASSIFICATIONS & APPROVALS

NON-Regulated

DOT, TDG, IMO, IATA, IMDG, SARA 313 311-312, California Prop 65

RESEARCH & DEVELOPMENT

Power Kleen Corporation maintains a fully equipped laboratory and a chemist on hand at all times. We not only maintain the superior level of quality set for our products but continually strive to develop cleaning solutions for the future.

PRODUCT QUALITY

All Power Kleen products are unconditionally guaranteed. Power Kleen's commitment to product quality is unsurpassed. Overnight is strictly monitored by Power Kleen Corporation and each batch of Overnight produced is checked for quality before packaging. Random samples are also taken from the field every month and are tested again for consistency. Product samples from the field are carefully checked for quality, contamination, and tampering.

TECHNICAL DATA

Phosphoric Acid:	None
Muriatic Acid:	None
Hydrochloric Acid:	None
Sulfuric Acid:	None
Hydrofluoric Acid:	None
Nitrate Level:	None
Rinse Additives:	Positive
Detergent Package:	Positive
Surfactant Package:	Positive
Solvent Package:	Positive
Emulsifiers:	Positive
Shipper Regulations:	None
Weight:	9.17
Odor:	Mild Characteristic
Color:	Clear Amber
Viscosity:	10 CPS
Flash Point:	None
Freezing:	32° F
Stability:	18 mths
Carcinogens:	None
Toxicity:	Non-Toxic
Biodegradable:	100%
Solubility:	100%
Volatility:	None

DISSOLVING PROPERTIES

Calcium Oxide Dissolving Properties with 3 Minute Exposure:

Overnight	8.5
Phosphoric Acid	0.9
Citric	0.0
Lactic	0.2
Acetic	0.1
Glycolic	0.2
Oxalic	0.0
Malic	0.4

Test Conditions: 200 Grams of 5% active solution, 1 Calcium Oxide Cube, 3 Minutes @ 70° F
